Dear Ms Maxwell,

Reference Horses:

Monday 20th, 2005 – Wendy revisited Billy Lagonas horses. The sale of the Sorrel that you were interested in has possibly fallen through, we will know on Thursday 23rd. If not sold Wendy will go on Friday and review.

Photo – 1 & 2 Big Bay, 15 years at \$2,500 from Billy Lagonas

Basically we should buy this horse, according to Wendy this horse offers everything that we require. Good natured will follow or lead and as you can see from the photos nothing seems to bother him. Wendy could not find even 1 area of concern with this horse.

Tuesday 21st, 2005 – Wendy visited 3 horse traders and found an only 2 good horses, but are very expensive. 1 of the traders will be getting in more horses in the weekend.

Good solid horse, responded well, possibility has a sore tooth, Vet is looking at him this week, if interested would go back after Vet's visit.

Photo – 29 Gelding Bay, 9 years at \$4,500 from Lloyd Conner

Stands very well, does not spook, easy to catch, great feet. This horse had not been ridden in 2 months, but was very calm and caused no problems. Possibly lead horse.

We have had no luck with locating any English horses. We have had a few call backs, just letting us know that they are still looking

If you require any further information please call

Regards

Karen & Wendy
