Hi. Am talking to him about Miami currently and am not sure yet if we will go Thurs or Friday. We will be staying w/friends, so no hotel nec, probably a rental car though as otherwise we have to land in PB and pick my car up which he may not want to do. (Havn't talked to him about that yet - just thought of it) re itinery whilst there, am talking to my friends and figuring out what will be both fun and interesting - will give you info when I have it

If it is possible to not have a breakfast meeting Tuesday but later (later the better) that morning/lunch or later morning (10.30 onwards Wed) that would be better, but if not, not then.

Re Jan 11th - if he's going to be w/Hilary on her table maybe, or a vip guest(seated on the vip table) if not, it sounds like a big Cluster (add not polite word) but I am happy to go if he wants to.

Thanks re cuttlery trays

Let me know if there is anything else you need from me

PS

I will be calling/e mailing you

With a 'secret' week that I am organising for his b'day - he sd he was happy to be kept in the dark about all, but you may want to ask first and then let me know that it is 'safe' to have you help me

w/arrangements, plane etc, otherwise, sorry but I will not share the plan w/you! Let me know - no urgency yet

Have a happy one
