Interests

Fishing, snorkeling, sailing, old cars, fashion, writing, reading, traveling, oil painting.

Summary

Having been raised on a sail boat for the first seven years of my life has given me an innate desire to work on boats. Not only have I learned to operate an Opti 420, but have learned such skills as cleaning, waxing, varnishing teak, and polishing stainless steel on boats. I've also worked as a hostess to guests on a chartered vessel. I would wholeheartedly welcome any new opportunity to expand my current knowledge and experience with boats.
