Dear G - went to London on Tuesday and took the £5000 to your mother, collected the dish that was outstanding from Ogetti, collected the coffee pots outstanding from Divermenti, collected the napkin rings from Kelly Hoppen. Took your clothes to sell - they took about half the items and will keep them till February and then send them to a charity shop if they have not sold. Pickett do not have your handle for your suit carrier in yet and will call when available.

David Hall went to see Cadogan Gardens and was very very enthusiastic about it - George went and saw it for you and said that it is a good flat but the views out of the back are horrid, it is £1.5 overpriced and having showed you round various properties is not convinced that you would go for it. I asked David to take pictures for you but apparently he was not allowed to as there is priceless art on the walls!!

What do you want me to give Ray, Sybill and Iara for Christmas? Do you want me to get something for Tom or do you want to give him a cheque?

Ray gave me the 925 Euros that you had left behind - (he said that he would rather we paid him in pounds as it makes his life easier) - do you just want me to hide the money at the house?

Your mother gave us your christmas present - do you want us to Fedex it to you or leave it till you arrive?

Hope all well Lots of love kxxx
