Hello,

I like to make sure that we both have up-to-date and complete contact details so we can stay in touch. You can see my contact information below, and it's also attached as a VCard to help you update your records.

Please take a moment and update inaccurate or missing details by clicking the "No - modify" button, or just click "Yes - confirm" to let me know that I have all of your information correct.

I'm using GoodContacts software to help me keep my address book accurate and complete because it's both efficient and secure. Any changes you make will come back directly to my PC and update my address book--your information is never put at risk on the web, or shared with anyone but me.

Thanks for your help, and keep in touch.

Regards,
Casey Wasserman
