Dear Ms. Maxwell:

Thank you for helping to give my family the vacation of a lifetime. Karen and the entire group at Zorro were very Welcoming and attentive. They took time from their busy schedules to show us all a wonderful and exciting time. Amber loved the horses and we couldn't pry Brandon off of the ATV's.

Please pass our greatest appreciation on to Mr. Epstein. Teena and I both realize that opportunities like this would not be possible with other employers and you both have been very kind to us.

Sincerely; The Morrison Family

p.s. The Pot Belly Pigs are doing great although "V" could probably use to go on a diet.
