Have you listened to the Black Eyed Peas CD? I bought when we did our little CD shopping in Fla, and I stole it out of the car. I haven't listened to anything but since, and the more I listen the more I like. Lots more good songs than I thought. "Shut up, Shut up" track 5 is probably the definitive relationship song. The guy does this little diddy that just cracks me up every time I hear it.

Not sure if you know them, but they've been around for awhile and just added this female vocalist who has this incredible voice plus this great attitude, and the combo with the traditional hip hop stuff is really good.

My new favorite song from them, "let's get retarded" that goes with "where is the love" and "hey mama" which we listened to in the car. If you don't have it, I'm going to buy one and bring it for you.

You should not show a little girl how to play w/matches then.... I was only doing around 60... I'm sure you'll come and visit.  
Re the help - happy to look, have to let you know that if they are East coast I'll meet then to see if I like them - west coast and they will be all yours minus my preliminary vetting process to avoid the worst. No, it is no trouble + I will be happy to do something useful and thoughtful for you

Just want you to be careful please. I'm more experienced is all, long before blackberry's I learned the art of driving with my knee. I've literally logged thousands of miles in hands free mode. Used to show off how good I was driving without hands.

I would love it if you looked into some assistance, but don't go to any trouble. So, yes if it's no trouble. Thank you.

Doing homework now, whilst they take turns with the Piano instructor.

Your still gross + yes you can find one that does all - that is what a job description is for  
a real butler - I met one that you might like whilst I was in LA last time - I would have hired him myself and seriously thought about it. He may still be available - want me to find out? Want me to see what else is out there - easy for me to do and no trouble?

PS  
Not for you to talk about speeding in car whilst BBing - that is like the pot calling the kettle black

The smiles of surprise when they kids saw me made everything worthwhile. That was cool, very cool.

Made hanging with the mommies and nannies worthwhile. I tried not to interact or even look, but apparently they were all very curious (nosy might be a better term) as to why I was there.

It's a interesting concept similar to what Mel Fisher and the Atoucha treasures of 10 or so years ago. Basically low grade materiels that they can put a higher margin on by it being treasure and by certifying it to be so. The Idea work out pretty well for Fisher especially with the coins which is where he made most of his \$, you may have heard or viewed his exhibit in Key West. He still has 1000's of these type of emeralds avaiable also. Anything great he sold to the trade years ago. What you're thought?
