Ok, so seeing as now you are clearly blaming me for distracting you and ruining your game, thought I would give you something to further distract you. I am naked, lying by the pool, slathering oil on my chest, with legs akimbo - and you are..

Yes, but we're 2nd to last, but making good progress towards last place alone.

We'll talk about it tonight. I have no problem flying, just thought we could look at other options.

I'm a bit distracted thinking about you, that my golf game is a bit preoccupied. Loving it though, and feel pretty good for a guy with no sleep.

Ok, is it the BVI or is flying somewhere the problem? If flying is not the problem are there other geographic no no's? Otherwise Miami is the obvious choice. It's not that we have to leave, we could just stay in bed for 2 days, but I would feel awkward bumping into JE w/you somewhere around. We could do an Everglade thing w/the boat tom and the Emerald thing in the early evening as an idea. Am trying to work, but am being hopeless. Just want to climb back into bed w/you. If you are not last are you second from bottom?

Hi, let's get outta dodge then for sure. Maybe somewhere completely different. Any other ideas? As to golf, we aren't in last place, and that's about all I can say.

What are you doing?
