HOUSE OF FLYING DAGGERS is a timeless, romantic love story in the form of a traditional martial arts film.

The film tells of a passionate emotional journey, in which three people suffer for love - it tears them apart,
yet they are willing to sacrifice everything for it.

When a woman is torn between two men, we know that it will end in tragedy. The dynamics of the relationships
between three very different people with different backgrounds is intriguing. The only thing they all
have in common is that nobody is who they claim to be. Everyone is deceiving each other. In Chinese, we say

that "Love, Hate, Passion and Vengeance" are the most volatile emotions, and it is these feelings that envelope the three main characters.
