Car shopping isn't shopping. That's hunting, clothes shopping = gathering. Male, femaile. Get it.

2 yrs old and 20,000 miles - what are you thinking - get rid of it immediatley - a veritable dinnasour - another month or so and it could be considered a classic :) - I love black cars incase you were wondering - very meaty and manly!

Stranded in Sioux City...sounds like a movie title, or even a reality TV show, that alone should be worth loads of GV hours. Remind me never to get on your bad side.

Glad you're over the hair, bet you look great. No longer stranded, but abandoned my car in the middle of the street. Had to run to a volleyball game. Got a ride from the nanny. Pretty funny, but the car is almost 2 years old and 20000 miles.

At the volleyball game now. Talk later??? What r u doing tonight?

Oops - stranded boyfriend - not good. Ah well, it was probably time for a new car anyway? It had a booboo aswell right? + it was at least 4 months old ...:) I am much happier if you focus on younger model cars!

Ok, well hair apparently still working in my favour. However, I am still monstrously grumpy about it as it should look like this and be long too.

Enough - I'm done complaining.

Thought you might like to know that I am close to proving that flight options told me a big big porky re the plane - they have already offered 2 completely free hours + 5 free upgrades - that is before I have written proof from dear Larry on weather conditions that day - this is was there opening salvo for the 45 min delay - no not normal with a genuine weather problem - regardless they will have to do considerably better than that before I stop screaming at them. I havn't even started w/my seriously annoyed tone and the legal speak that goes with it - breach of contract - missed an important meeting , lack of competency, net jets would never do such a thing + I am sure my other owner friends will be shocked, horrified, to hear my sad tale - how I was stranded in Sioux city of all places ....:) etc etc etc

My car just died and I am stranded. They said it was fixed. New hair girlfriend, now a new car. More to follow.

>that would be

unseen new short haired girlfriend -

And that would be because you thought that i thought that you would not do disgusting things to me with my new short hair - something that never crossed my mind

+ did not go shopping today - thought you should know that I thought about it, no execution, therefore not thoroughly chick like

G
