No, there is not automatic on off switch - there is a place though for an installation - you should be aware though that that only applies to new models not current or old models - it was an upgrade added to the female system, but only recently - something at least for you to look forward to

Wow, you mean there's like an off switch that I didn't find. You must show

me.

Talk to you later, and see you tomorrow.

If "shut up shut up" is the definitive relationship song - you will need to

know how to install the mute button on new and future girlfriends - there

is a little port on most women that accepts that card - I'll show it to you

on Wed - not too many men know about it </blockquote></html>
