No, Mum it was on top of<br>

At 05:15 PM 4/1/2004 +0100, you wrote:<br>

I have&nbsp; not been well these last two days as I got something lodged in my<br> left eye and could not see well in bright light nor at the computer screen<br> as it hurts so much and gave me a headache.&nbsp; This explains you why I have<br> not been able to send you the Fraytet document yet.&nbsp; Besides, my scanner is<br> up the spout and only works when it feels like it losing a great deal of my<br> time in the process and I could not manage to scan the document so I had to<br> photocopy it and am still trying to send you the corresponding photos that<br> are indispensable to understand the document.<br>

<br>

Besides, I had the twins here, Isabel for a week and Christine for 2 days at<br> the same time.&nbsp; It is always a great pleasure but puts me of my work stroke,<br> because to begin with, Isabel is a vegetarian and so I have to cook special<br> things for her and make salads etc, and she always comes home very late at<br> night and we start talking and so I cannot get out of bed in the morning.<br> As for Christine, I lent her my car and she lost all my car papers, so I had<br> to spend the whole morning not only trying to look in my own papers in case<br> she would have left them here and then applying to the various organisations<br> for duplicates.&nbsp; I was furious but what else can I do?<br>

<br>

As for the money you so generously sent me, I want to ask you, Did you mean<br> the 4000 which you sent me in lieu of Vonnice and my holidays to include the<br> pension you serve me on a monthly basis?, because if that is so, then the<br> boys will have to help me with the remaining 2 500 which I desperately<br> needed to be able to pay my rent, to pay for my car passage to Fraytet in<br> May (which I have got to boko now) and to buy the absolute necessities of<br> life.<br>

<br>

I am truly sorry to be such a schnorer , it is humiliating in the extreme<br> but what else can I do?&nbsp; With the boys it is always magnana but what do they<br> think I live on, I wonder?<br>

<br>

I am trying to eke a meagre complement to what you give me but even that is<br> not easy and is not so far coming regularly as yet...<br>

<br>

Please do answer me rapidly because then I will&nbsp; have to take serious<br> measures to make ends meet although I cannot think of what I will do yet!<br>

<br>

With much love<br>
