Are you completely off your rocker. I like his sense of humor and he is smart. However my dear he is also MARRIED. You should know the rules, never ever ever married men. Married men are non men. They can be gorgeous, in fact they could be the best looking man in world and I would not even know he existed from that point of view. Conversely you can be an ugly shnoo and that does not matter either.
I only spoke to him about you and now asked you the question as you sd you were meeting him and I know you do business with him
