Jerome also told Mrs E that he would be here this Sat. He has to know that it is not good enough not to turn up and not to have the curtesy of a call. We pay him an amnt ec week and even if he is not at El Brillo because of other work commitments I 3expect him to come after his other commitments which I know end at 4 ec day. You should speak to hin directly and find out what he is doing and direct him - obviously John can't<br>

We recently received clairification from Mr. E that Jerome is to go to his<br>mother's weekly and I understand that Mrs. Epstein wanted him every Saturday<br>morning. In fact, I spoke with John and Jerome my last visit and Jerome<br>stated he was going to Mrs. Epstein's on Saturdays and understood he was to<br>go each Saturday. I'll check later in the week why he didn't go this<br>Saturday.<br>

I also understand from John that Jerome details the cars and power washes<br>the pool deck, pool furniture and driveways along with other miscellaneous<br>jobs at John's discretion.&nbsp;However it would be wise for me to ask Jerome<br>what he does...<br>

This can wait till Mon. Actually it is John's responsibility to control the<br>pool heater and no one elses. Additionally I wonder do you know exactly<br>what Jerome is supposed to do and when. For instance were you aware that he<br>is supposed to go to JE mother's hse every Sat to do her Garden. He did not<br>go this Sat. Let me know what you think he is supposed to do<br>
