Instructions and definitions

Customer Details

- Parent or Controlling Company – only if applicable
- A/C Owner (not bank/lessor) – do not write down a bank/lessor name unless they are also the operator; this is the company signing the OnPoint contract

Management Details

Fill out only if there are 3rd party companies involved

- Company Generating Invoices – will get access to web billing tool to report monthly A/C utilization that will be used to calculate monthly invoices and will receive automatically generated invoice
- Company Submitting Payments – GE needs to identify the relationship before it can accept any payments if payments will originate from a different entity from the one signing the OnPoint contract
- Aircraft Operator – company responsible for maintenance, will get access to technical publications and engine trend monitoring health reports
- Management Company – if different from the operator, please list the 3rd party responsible to manage the aircraft
