Subject: Letter of Recommendation for Karyna Shuliak

To Whom It May Concern:

I am glad to write this recommendation for Karyna Shuliak in support of her application for admission to Dental School.

I have known Karyna since the time she joined my class of therapeutic dentistry in 2008. She is a very diligent student, who always was showing a great performance in both theory and practice. Being hard-working and passionate about dentistry, Karyna always kept herself abreast of recent advances in the field of dentistry. Besides that she demonstrated excellent clinical work. In my class I was teaching my students oral hygiene techniques and treatment techniques of hard tooth structure defects of different etiology. As I can tell Karyna is a very detail-oriented person, and I could see that in her work, as she tried to lead it to perfection. She was caring with her patients and seemed to enjoy working with them. And I am confident to say that she will make a great dentist.

In my view Karyna compares favorably with the best among my students, I am sure she will succeed among yours as well. I highly recommend Karyna for admission at your Dental School.

Sincerely,
