5. re home confinement,
sheriff has made numerous speeches about putting non violent people on h/c. home confinement is not the same as community control. We are precluded from probation or community control. Home confinement means not allowed outside, monitored 247. And close supervision. Community control is a state sentence, home con a county sentence. We will have 24 hr deputies checking who goes in and out. Community control is probation with a curfew.
The normal step down of sentences, allow in this case for first incarceration. In fact 23

hour a day lock down, then work release, then home confinement than community control.it would be in the ordinary course.
