

Steve,
Since the new move

1. I've been told that I must be locked down to protect the deputy on duty. (SGT Carter) Though I have never been locked down for eight months.
2. I was told that the door had to be locked @ 12 on the midnight shift. Sgt Carter
3. Sgt carter than said 11 30, then the next night 11 p.m.
4. I was told though I had checked out of V building at 6 30 for 4 months, it was now 7 30
5. I was told , make sure the remote control is not in the tv room. Only to be told the next day make sure it is.
6. I am searched at V building then again when I walk 300 ft escorted by a deputy.
7. I am told , since the cell has little air flow, you can open the chow flap(vassolaii LT.). the next day Lt Myles says the flap must remain closed
8. I am told if you want to sleep on the floor , its your business, only to be told one hour later Sgt Rolle , you can not sleep on the floor
9. The cell has been shaken down 5 times , though no one is there.
10. I am told for eight months, no property in your cell. I am then told , all your property should be in your cell
11. I am told you may only come out at 6 am , per policy, the next day 6: 30 (Lt, Miles)
12. I am told that I may not cross a new red line taped on the floor.
13. I am told that I may not pour the coffee water, as it is a security risk. Though I have been doing so for eight months.
14. I am awoken at 3;45 , and told I must eat now. By order of Lt Miles Though I have never eaten before 6. When I say I believe the policy says that food is between 4- 30 and 5 30 , I am told if you don't like it, file a grievance.(Corporal R. Johnson, Mar 21)
15. My work release box, has been once moved, once discharged and only this morning actually thrown in the garbage. I put on gloves and searched all the garbages.
16. I am told that the deputy is not sure I can take a shower in the morning. . Though the policy says that inmate workers can .
17. Toothpaste that has been approved months ago never hidden and on my sink everyday of incarceration, that was found in the box, I now received a DR for possession of contraband. When I pointed out that I was ordered to take it, I was told , well what if you told by a lieutenant to take a knife, would that be an excuse. So that I must find you guilty of possession of contrand, but find no sanctions as a punishment(Sgt Richardson)
18. I am told , that I'm just following the rules. This is a minute before they take out their cell phone. (Sgt Rolle).
19. I have repeatedly asked for air flow in the cell, I was told I will look into it , Three times.
20. I have pointed out mildew on the air vents, but no change.

21. If Mike were to check with Merkel, Vassalotti, Fox. Or any of the white deputies, he would hear stories how the black deputies (Napier, who carries a knife), are treated differently

I was told there was a cookie found amongst my things I have not seen it. I showed them the fact that all the garbage including 9 month old coffee was also taken in the move.
