Re: Zorro Ranch Project # 43 Main House Roof Leaking

Date: 10-26-04

Brice and [REDACTED] have informed me that leaking of the main house roof is becoming a big concern and would like to address this ASAP. We have received only 1 quote of \$ 2,400, which I have attached with photos of the current conditions. Two other companies were called to give quotes, however they were not interested in getting doing the job.

Please advise as to how you would like to proceed in this matter.
