Objective: I'm seeking permanent, long-term placement in the estate management, professional yachting, or hospitality industry, worldwide.

Professional Profile:

- Mature, Stable, and Discrete.
- Full managerial capabilities including administration and execution of all regulatory, financial, and personnel requirements.
- Intimately familiar with the care, maintenance, and professional deep detailing and repair of vintage, luxury and exotic vehicles. Excellent driving record.
- Highly computer literate, integrating Excel database maintenance and inventory schedules.
- Expert in the care, detailing and maintenance of fine fabrics and exotic finishes.
- Familiar with all equipment and methods of 5-Star estate/facility management.
- Over 16 years experience maintaining the highest standards in a harsh, salt-air environment.
- Design, development, and implementation of preventative maintenance schedules for all machinery and equipment.
- Competent cook.
- Experienced with standard and organic landscape and vegetable gardening, water conservative irrigation and large scale plant propagation.
- Compassionate advanced pet care.
- Mechanical proficiency encompassing the engineering, installation, maintenance and repair of Estate Systems, including: Off-grid power systems (diesel generators, transformers, solar & wind systems, and 12 through 48 volt inverters) all stages of building construction and contracting, framing & finish carpentry, electrical engineering and wiring, and plumbing.
- Expertly able to operate, maintain, and repair light to heavy equipment, vehicles, boats, reverse osmosis water desalination equipment, HVAC, plumbing and refrigeration.
