RE: Waterfall Pump 5 HP 300' head

Poly Caribe is pleased to provide this quotation for a 5 HP submersible Goulds/xylem pump model PCSP-30 with rating of 20 to 50 gallons per minute. This pump is sized to supply 40 gallons per minute at 300 feet of total head. This pump has a Centripro submersible model PCSM-5, three phase, 460 vac, and 3450 RPM motor.

Price for liquid end and motor. \$3,449.00

Shipping and clearance for the above described equipment. **\$250.00**

TOTAL OF ABOVE: \$3,699.00

All of the above equipment is available for immediate shipment and would arrive in approximately seven business days upon your request to order.

Upon your request to order we will require a 50% (\$1,849.50) deposit to place this order. The balance due would be required upon delivery to St Thomas VI.

We accept the above described equipment and terms. By _____,
of LSJ-LLC. Date _____.

Best Regards, Don Goetz
