Re: Stucco at Larry's house

Brice,  
Here is the price for the above referenced project.  
the stucco is in really bad shape. I propose the following;

Scrape all loose stucco to substrate  
Install nylon mesh  
Apply cement based waterproof wall ease (same material used as base coat on main house walls)  
Apply stucco (color to match)  
Paint trim  
Clean Area

\$ 10,100.00 plus tax

Paint garage stucco to match house  
Paint trim  
Paint will not bridge any cracks in the stucco  
\$2,200.00

Stucco garage to match house, color coat only  
Repair cracks with mesh  
Apply color coat  
Paint trim  
\$ 4,100.00

Excludes tax

If you have any question, please call me at 

Thank you,
