

# RANDALL DURIE

---

## PROFILE

Foreign currency investment professional with proven entrepreneurial skills and long term industry experience in managing, developing and executing successful trade strategies and products.

## QUALIFICATIONS

- Principal of self-built investment firm for ten years, raising capital from clients and conducting a trading strategy on their behalf in foreign currency markets with proprietary trading products.
- Profound understanding of program trading strategies and their implementation from inception to execution.
- Comprehensive knowledge of foreign exchange markets.
- Insightful strategist adaptable to client needs and attuned to global economic shifts affecting market movements.
- Contributor to and participant in foreign currency symposiums and publications.

## PROFESSIONAL EXPERIENCE

PLIMSOLL CAPITAL – Summit, NJ

Founded the company in 2002 with the goal of providing investment consistency to clients by implementing effective trading strategies and products to manage capital in foreign currency markets.

- Raised and maintained \$40 million in institutional and private investment funds.
- Implemented and managed the Headwind Currency Strategy, a short term discretionary strategy which became Plimsoll's primary investment product, focused primarily on the major foreign exchange markets.
- Executed and monitored trades within the Headwind Currency Strategy and adapted it to generate new trade generation directions.
- Raised investment capital and established long term investor relationships based on clients' acceptance and support of the strategy.
- Implemented the Armada program, a high frequency, and high end technology based Algo program to capture short term price movements in the major currencies.
