CURRICULUM VITAE

PART I: General Information

DATE PREPARED: May 1, 2016

Name
Mark Jude Tramo, M.D., Ph.D.

Office Address
The Institute for Music & Brain Science
2220 Lynn Road, Suite 300
Thousand Oaks, CA 91360
tel: (805)-495-6702
fax: (805)-495-6702

E-Mail
mtramo@ucla.edu

Place of Birth
Bronx, New York

Education
1978, B.A., Yale College
1982, M.D. (Neurology), Cornell University Medical College
1998, Ph.D. (Neurobiology), Harvard Graduate School of Arts & Sciences

Postdoctoral Training
1982-1983, Intern in Internal Medicine, LA County - USC Medical Center
1983-1986, Resident in Neurology, The New York Hospital - Cornell University Medical Center
1985, Chief Resident, Neurology Ward, The New York Hospital
1986, Chief Resident, Neurology Ward, Memorial Hospital - Sloan-Kettering Cancer Center
1986-1987, Fellow (Cognitive Neuroscience), Dept. of Neurology, The New York Hospital - Cornell University Medical Center and Memorial Hospital - Sloan-Kettering Cancer Center

Academic and Major Professional Appointments
1987-1988, Assistant Professor of Neurology, Cornell University Medical College
1988-1992, Assistant Professor of Medicine (Neurology) and of Psychiatry, Dartmouth Medical School
1993-1999, Instructor in Neurobiology, Harvard Medical School
2000-2009, Assistant Professor of Neurology, Harvard Medical School
2000-2005, Faculty, Harvard-M.I.T. Speech & Hearing Bioscience & Technology Graduate Studies Program
2000-2009, Board of Honors Tutors, Department of Psychology, Harvard University
2000-2009, Faculty Fellow, Mind Brain & Behavior Interfaculty Initiative, Harvard University
2002-2009, Teaching Affiliate, Department of Biology (Neurobiology), Harvard University
2002-current, Director, The Institute for Music & Brain Science, Boston, MA
2010-current, Lecturer in Ethnomusicology, UCLA Herb Alpert School of Music,
2012-2016, Assistant Clinical Professor of Neurology, David Geffen School of Medicine at UCLA
2016-current, Associate Clinical Professor of Neurology, David Geffen School of Medicine at UCLA

Hospital and Affiliated Institution Appointments
July 1987 – June 1988, Attending Neurologist, The New York Hospital, NY, NY
July 1988 – June 1991, Attending Neurologist, Dartmouth-Hitchcock Memorial Hospital, Hanover, NH
July 1988 – Sept 1991, Neurology Consultant, Franklin Regional Hospital, Franklin, NH
July 1992 –Dec 2009, Attending Neurologist, Massachusetts General Hospital, Boston, MA
July 1992 – June 2005, Neurology Consultant, McLean Hospital, Belmont, MA

July 1996 – Dec 2009, Research Associate, Eaton-Peabody Laboratory of Auditory Physiology, Massachusetts Eye & Ear Infirmary, Boston, MA
1996-2005, Research Affiliate, Research Laboratory of Electronics, Department of Electrical Engineering & Computer Science, Massachusetts Institute of Technology, Cambridge, MA
1999-2005, Associate Neurologist, Affiliated Staff, Brigham & Women's Hospital, Boston, MA
2009-2011, Associate Neurologist, Affiliated Staff, Massachusetts General Hospital, Boston, MA
2009-2010, Medical Director, Neurological & Rehabilitation Services, and Staff Neurologist, Good Samaritan Hospital, Los Angeles, CA
2009-2013, Staff Physician, Section of Neurology, Dept of Medicine, Good Samaritan Hospital
2012-current, Staff Neurologist, Ronald Reagan-UCLAMedical Center, Los Angeles, CA
2013-current, Staff Neurologist, Los Robles Hospital & Medical Center, Thousand Oaks, CA

Other Professional Positions and Major Visiting Appointments
1998-current, Advisory Board, Songs of Love Foundation, New York, NY
1999-2000, Board, Soldiers Field Park Children's Center, Boston, MA
2000-2005, Advisory Board, BioMusic Program, National Musical Arts, Washington, DC
2000, Consultant, Berkshire Hills Music Academy, South Hadley, MA
2002-current, Scientific Advisory Board, Science Museum of Minnesota, St. Paul, MN
2004-2007, Science Advisor, Morphonix, Inc., Sausalito, CA
2007-current, Advisory Board, National Center for Human Performance, Texas Medical Ctr, Houston, TX
2014-current, Board of Directors, University of California Music Experience Research Community Initiaitve

Licensure and Certification
1983, Diplomate, National Board of Medical Examiners
1983-current, Drug Enforcement Administration Certification, U.S.A.
1983-1988, New York State Medical License
1988-current, Diplomate in Neurology, American Board of Psychiatry and Neurology
1988-1992, New Hampshire Medical License
1991-2010, Massachusetts Medical License
1991-2010, Massachusetts Drug Enforcement Administration Certification
2009-current, California Medical License

Hospital and Health Care Organization Service Responsibilities
1986-1987, Fellow, then Attending, Stroke and Coma Team, The New York Hospital, NY, NY
1986-1988, Staff Physician, Medical and Neurological Services, Burke Rehabilitation Center, White Plains, NY
1987-1988, Attending, Neurology Consult Service, Behavioral Neurology Consult Service, Neurology Faculty Practice Group, and Neurology Residents Clinic, The New York Hospital
1988-1991, Attending, Behavioral Neurology Consult Service and Neurology Residents Clinic, Mary Hitchcock Memorial Hospital, Hanover, NH
1988-1991, Neurology Consultant, Franklin Regional Hospital, Franklin, NH
1992-2009, Attending, Neurology Inpatient Service, General Neurology Consult Inpatient Service, and Cognitive/Behavioral Neurology Outpatient Unit, Massachusetts General Hospital, Boston, MA
1995-2005, Neurology Inpatient and Outpatient Consult Services, McLean Hospital, Belmont, MA
2009-2010, Medical Director, Neurological & Rehabilitation Services, & Staff Neurologist, Good Samaritan Hospital, LA, CA
2012-current, Attending, Neurology Residents Clinic, Reagan-UCLA Medical Center, LA, CA
2013-2016, Stroke Team, Los Robles Hospital & Medical Center, Thousand Oaks, CA
2013-current, Staff Neurologist, Los Robles Hospital & Medical Center, Thousand Oaks, CA

Committee Assignments
1996-2000, Standing Committee on Neuroscience, Harvard University
2000-current, Standing Committee on Mind/Brain/Behavior, Harvard University2002-2003, Subcommittee on Undergraduate Curriculum, Harvard Mind/Brain/Behavior Interfaculty Initiative
2002, NIH National Institute on Deafness & Other Communication Disorders, Special Emphasis Review

Panel, Exploratory/Developmental Research Program
2003-4, 2008-9, NSF Grant Review Committee
2004-2007, Large Animal Users Group, Massachusetts General Hospital
2006-2009, Steering Committee, Mind Brain & Behavior Interfaculty Initiative, Harvard University
2010-2011, Scientific Organizing Committee, Music Science & Medicine Symposium, New York Academy of Sciences
2013-2016, Stroke Committee, Los Robles Hospital & Medical Center
2015-current, Board of Directors, University of California Music Experience & Communication Research Community Initiative

Professional Societies
1983-current, American Academy of Neurology, Member
1985-current, American Society for Composers, Authors, and Publishers, Writer Member
1986-2010, Acoustical Society of America, Member
1989-current, Society for Neuroscience, Member
1991-1992, Stroke Council, American Heart Association, Fellow
1992-2007, American Association for the Advancement of Science
1995-2009, Society for Music Perception & Cognition
1998-2008 Association for Research in Otolaryngology
2000-2008, New York Academy of Sciences
2006-7, Boston Music Research Association
2009-current, National Academy of Recording Arts & Sciences

Editorial Boards
1989-current, Reviewer, *Science, Nature Neuroscience Reviews, Neuron, Journal of Neurophysiology, Trends in Neurosciences, Journal of the Acoustical Society of America, Cerebral Cortex, Music & Medicine,* Oxford Univ. Press books (partial list)
1994-1998, Consulting Editor, *Music Perception*
1997-2005, Associate Editor, *Journal of Cognitive Neuroscience*
2007-current, Advisory Board, *Journal of Interdisciplinary Music Studies*

Awards and Honors
1974-1978, Joseph Tauber Scholar, Yale University
1978, Bachelor of Arts *cum laude* with Honors in the Major (Biology), Yale University
1978-1982, Joseph Collins Foundation Scholar, Cornell University Medical College
1981-1982, Vincent Astor Scholar, Cornell University Medical College
1987-1988, National Research Service Award, Physiology, National Institute of Neurological & Communicative Disorders & Stroke, National Institutes of Health
1988-1991, Program Project Award, Co-Principal Investigator, National Institute of Neurological Disorders & Stroke, National Institutes of Health
1989-1991, Cognitive Science Award, Co-Principal Investigator, Office of Naval Research
1991-1992, National Research Service Award, National Institute of Mental Health
1992-1997, Clinical Scientist Development Award, National Institute on Deafness and Other Communication Disorders, National Institutes of Health
1992-1993, Sackler Scholar in Psychobiology, Harvard University
1993-1994, Alwin M. Pappenheimer Scholar, Harvard University
1997, Research Award, National Organization for Hearing Research
1997-1998, Provost's Award for Educational Innovation, Harvard University
1997-2002, Cognitive Neuroscience Program Award, McDonnell-Pew Foundation
1998-2002, FIRST Award, National Institute on Deafness and Other Communication Disorders, National Institutes of Health
2000, Harvard Medical School Class of 2000 Faculty Award for Excellence in Clinical Teaching (finalist)
2000-2001, Gordon and Llura Gund Research Award, Mind/Brain/Behavior Interfaculty Initiative, Harvard University
2002-current, Institute for Music & Brain Science
2009, Performing Arts Medicine Association Richard Lederman Award

2009-2010, Grammy Foundation Research Award
2015-2016, President's Research Catalyst Award, University of California

PART II: Research, Teaching, and Clinical Contributions

Report of Teaching

Local contributions

The New York Hospital - Cornell Medical Center, 1986-1988

1986-1988, Neurology Outpatient Clinic, Attending, PGY 2-4 Neurology Residents, 48 hrs/yr
1986-1988, Cognitive Neuroscience Seminar Series for Neurology Residents, Organizer and Lecturer, 36 hrs/yr
1986-1988, Neurology/Neurosurgery Grand Rounds, 1 per year
1987-1988, Neurology Consult Service, Attending, PGY-3 Neurology Resident, 112 hrs/yr
1987-1988, Third Year Clerkship in Neurology, Tutor, 4 students/yr, 20 hrs/yr
1987-1988, Fourth Year Neurology Elective in Cognitive Neuroscience, Tutor, 2 students/yr, 40 hrs/yr

Dartmouth – Hitchcock Medical Center, 1988-1991

1988-1991, Neurology Outpatient Clinic, Attending, PGY 2-4 Neurology Residents, 60 hrs/yr
1989, 1990, Neurology/Neurosurgery Grand Rounds, 1 per year
1988-1991, Resident Research Elective in Cognitive Neuroscience, Tutor, 40 hrs/yr
1989-1991, Behavioral Neurology Ward Rounds, 12 hrs/yr
1989-1991, McDonnell-Pew Graduate Studies in Cognitive Neuroscience, Lecturer & Laboratory Instructor, 2 students/yr, 60 hrs/yr
1998-1991, 2nd-Year Scientific Basis of Medicine: Neurology, Lecturer, 10 hrs/yr
1989-1991, Fourth Year Elective in Cognitive Neuroscience, Tutor, 2 students/yr, 40 hrs/yr

Harvard Medical School, Graduate School Division of Medical Sciences, and College; Harvard-MIT Division of Health Sciences and Technology; and Massachusetts General Hospital, 1992-2009

1992, Program in Neuroscience Seminar, Wood's Hole
1992-2009, Neurology Ward or Consult Service, Attending, PGY 1, 2, and 4 Neurology, Psychiatry, and Physiatry Residents and Interns, 100+ hrs/yr
1992-2009, Cognitive/Behavioral Neurology Unit, Attending, PGY 3 Neurology Residents, 48 hrs/yr
1992-current, Neurology Residents Cognitive/Behavioral Neurology Seminar, Attending, 24 hrs/yr
1993, Second Year Physical Diagnosis in Neurology, Tutor, 4 students/yr, 16 hrs/yr
1993, HST 722: Brain Mechanisms of Hearing and Speech, Lecturer, 12 graduate students/yr, 4 hrs/yr
1993, Neurobiology Department Seminar Series, Lecturer, 20 hrs
1993, 1995, 1997, Neurobiology 208: The Visual System, Lecturer, 10 medical and graduate students/yr, 6 hrs/yr
1994-current, Clinical Clerkship in Neurology, Examiner, 1 medical student/yr, 2 hrs/yr
1994, 2000, Neurology Residents Neuroscience Seminar, Lecturer, PGY 2-4 Neurology Residents, 5 hrs/yr
1995-2004, General Neurology Residents' Clinic, Preceptor, PGY 2-4 Neurology Residents, 30 hrs/yr
1995-2007, Tutor, PGY-2 Residents Cognitive Neurology Case Seminar, 40 hrs/yr
1996,1999,2007, 2nd-Year HMS/HDS Course: Human Nervous System & Behavior, Lecturer &Tutor, 12-20 medical/dental students/yr, 60 hrs/yr
1997,1998,2005 HST 799, Special Topics Research in the Speech & Hearing Sciences, 1 student/yr, 120 hrs/yr
1997, 2001, MGH Neurology Grand Rounds, 1 per year
1998, 1999, 2001, Neurology Professor's Rounds, PGY 1-4 Neurology, Psychiatry, and Physiatry Residents and Interns, 2 hrs/yr
1998, 2000, 2001, Psychology 987b, Music, Mind, & Brain, 12 undergraduates/yr, 100 hrs/yr
1999-2001, Mind/Brain/Behavior Thesis Workshop, 12 undergraduates/yr, 15 hrs/yr
1999, 2000, 2005, 2006 Behavioral Neurology Signs Rounds, PGY 1-4 Neurology, Psychiatry, and Physiatry 12 hrs/yr
2000, Mind/Brain/Behavior Faculty Fellowship Seminar Series, 20 hrs

2000-2009, Mortality and Morbidity Conference, PGY 2-4 Neurology Residents, 18 hrs/yr
2001, Mind/Brain/Behavior Advisory Board Seminar
2004, 2007, HST 725, Music Perception & Cognition (Co-Instructor), 4-8 students/semester
2004-2009, General Neurology Residents' Clinic, Attending, PGY 2-4 Neurology Residents, 240 hrs/yr
2007, Neurobiology 101, Auditory Neurobiology of Language & Music (Lecture course)

Good Samaritan Hospital, Neurological & Rehabilitation Inpatient Service
2010, Neurorehabilitation Inpatient Rounds (twice monthly, 20 PM&Rs, RNs, SpTs, PTs, OTs, RecTs, CSWs)

David Geffen School of Medicine at UCLA/Ronald Reagan UCLA Medical Center, 2010-current
2010, Neurology/Neuroscience Grand Rounds, Functional Brain Organization in Relation to Music Cognition
2012-current, Professors Rounds, Neurology Inpatient Patient Service (semi-annual)
2012-current, Neurology Residents Outpatient Clinic (monthly)

UCLA Herb Alpert School of Music
2010-2012, Ethnomusicology 188: Advanced Topics. Music and the Brain. (annual seminar, 20 students/quarter, 150 hrs/yr)
2013-current, Music Industry 103: Advanced Topics. Music and the Brain. (annual seminar, 20 students/quarter, 150 hrs/yr)

Continuing Medical Education Courses

1988, Cornell Medical College, Lecturer, Review of Internal Medicine, Lecturer, NY, NY
1997-2009, Harvard Medical School, Co-Founder, Director (2001, 2007), Co-Director, & Lecturer, Dementia: A Comprehensive Update, 80 hrs/yr, Boston, MA
2016, Mozart & the Mind: An Exploration of Prodigy, Lecturer, SD, CA

Advisory and Supervisory Responsibilities

Cornell Medical College
1987-1988, First Year Student Faculty Advisor, 6 students/yr, 24 hrs/yr

Harvard Medical School, Graduate School Division of Medical Sciences, and College; Harvard-MIT Division of Health Sciences and Technology; and Massachusetts General Hospital
1995-2007, Psychology 985, Preparation for the Honors Thesis 1 undergraduate every other yr, 50 hrs/student
1995-2009, Psychology 990, Honors Thesis Advisor, 1 undergraduate every other year, 100 hrs/student
1995-2007, Psychology 985, Preparation for the Honors Thesis, 1 undergraduate every other yr, 50 hrs/student
1997-2000, Psychology 910r, Supervised Reading/Research, 1 undergraduate every other year, 50 hrs/student
1998, 2002 Biology 98r, Introduction to Research, 1 undergraduate/yr, 50 hrs/yr
1998-1999, Biology 99, Honors Thesis Advisor, 2 undergraduates/yr, 100 hrs/student
1999-2000, Thesis Advisory Committee, HST Speech & Hearing Sciences, 1 graduate student/yr, 16 hrs/yr
2000, Thesis Qualifying Examination Committee, HST, Speech & Hearing Sciences
2000-2001, Psychology Honors Thesis Committee, 2 undergraduates/yr; 20 hrs/student
2000-2001, Special Concentrations 99, Honors Thesis Advisor, 1 undergraduate/yr, 100 hrs/yr
2001-2002, Special Concentrations 91r, Supervised Reading and Research, 1 undergraduate, 15 hrs/yr
2002-2003, PhD Thesis Committee, Cory Miller, Psychology, 20 hrs/yr
2006-2007, Mentor, Senior Neurology Resident (1), 50 hrs/yr
2008-2009, PhD Thesis Committee, Aaron Berkowitz, Music, 20 hrs/yr

David Geffen School of Medicine at UCLA/Ronald Reagan UCLA Medical Center
2012-2013, Tutor, Senior Resident Research Seminar (Cognitive Neuroscience), 10 hrs/yr

Regional, national, and international contributions

1985, Session on Multiple Sclerosis: Clinical Investigation and Therapy, 37th Annual Meeting of the American Academy of Neurology

1987, Cerebrovascular Disease II: Poster Presentations, American Neurological Association 114th Annual Meeting
1988, Session on Cerebral Metabolism, 40th Annual Meeting of the American Academy of Neurology
1989, Behavioral Neurology Poster Session, American Neurological Association 114th Annual Meeting
1989, Interhemispheric Relations Poster Session, Society for Neuroscience 19th Annual Meeting
1989, McDonnell Foundation Summer Institute in Cognitive Neuroscience Faculty and Lecturer (invited)
1990, Second International Conference on Music and the Cognitive Sciences, Cambridge University, Lecturer (invited)
1990, Human Behavioral Neurobiology Poster Session, Society for Neuroscience 20th Annual Meeting
1990, First Annual McDonnell-Pew Program in Cognitive Neuroscience Investigators' Workshop, Lecturer (invited)
1990, Behavioral Neurology Poster Session, American Neurological Association 115th Annual Meeting
1990, McDonnell Foundation Summer Institute in Cognitive Neuroscience Faculty and Lecturer (invited)
1991, Functional Aspects of Auditory Cortex Symposium, Lecturer, International Brain Research Organization Third World Congress of Neuroscience, (invited)
1991, Music and the Brain Session, Lecturer, Second International Conference on Music Perception and Cognition, UCLA (invited)
1991, Central Auditory Physiology Poster Session, Society for Neuroscience 21st Annual Meeting
1991, Cognitive Neuroscience Session, Co-Chair and Lecturer, 2nd International Conference on Epilepsy and the Corpus Callosum (invited)
1991, Scientific Session, Lecturer, Society for University Neurosurgeon (invited)
1991, Neurology Grand Rounds, Lecturer, Yale School of Medicine Neurological Study Unit and Yale-New Haven Hospital (invited)
1992, Central Auditory Physiology Slide Session, Society for Neuroscience 22nd Annual Meeting
1992, Music and the Brain Symposium, Lecturer, Art Institute of Chicago (invited)
1992, International Conference on the Psychophysiology and Psychopathology of the Sense of Music, Lecturer (invited)
1993, Central Auditory Physiology Slide Session, Society for Neuroscience 23rd Annual Meeting
1994, Behavioral Neuroscience Seminar Series, Brigham & Women's Hospital/Beth Israel Hospital (invited)
1994, Central Auditory Physiology Poster Session, Society for Neuroscience 24th Annual Meeting
1994, Harvard Music Department Seminar Series (invited)
1996, Functional Aspects of Auditory Cortex Workshop, Lecturer, XXVIth International Congress of Psychology (invited)
1996, Auditory Cortex Physiology - Primates Poster Session, Society for Neuroscience 26th Annual Meeting
1997, Music and the Brain Symposium, Lecturer, International Computer Music Conference, (invited)
1997, Pedagogical Session: Neurobiology, Lecturer, International Conference on Complex Systems (invited)
1997-2009, Dementia: A Comprehensive Update, Director/Co-Director/Lecturer, Harvard Medical School Dept of Continuing Medical Education
1998, Moderator, Press Conference on Music and the Brain, Society for Neuroscience 28th Annual Meeting, LA, CA (invited)
1998, Auditory Cortex Physiology - Complex Sounds Poster Session, Society for Neuroscience 28th Annual Meeting
1998, Harvard Psychology Department Seminar Series, Lecturer, 20 hrs 1999, Auditory Cortex Slide Session, 22nd Association for Research in Otolaryngology Midwinter Meeting
1999, Central Auditory Physiology: Spectrotemporal Coding Poster Session, Society for Neuroscience 29th Annual Meeting
2000, Biological Foundations of Music, New York Academy of Sciences (invited)
2000, The Music of Nature and the Nature of Music, Lecturer, Smithsonian Institute, National Musical Arts, National Academy of Sciences (invited)
2000, Association for Research in Otolaryngology: Inner Ear: Normal Structure or Function Poster Session
2000, 2001, Cambridge Hospital, Neurology Lecture Series (invited)
2001, 21 Club, Harvard Mind/Brain/Behavior Board Dinner, New York, NY (invited)
2001, Auditory: Coding, Tuning and Perception Poster Session, Society for Neuroscience 31st Annual Meeting
2001, Berklee College of Music, Music Therapy Symposium, Music & The Brain (invited)
2001, The Harvard Club of Boston: A Saturday of Symposia. Music, Mind, and Brain (invited)
2002, Learning & The Brain Symposium, Music Education, & The Brain. Cambridge, MA (invited)
2002, Hudson Theatre, Beth Abraham Music Therapy Program, Music Cognition. NY, NY (invited)

2002, Auditory Neuroscience Seminar Series, University of Connecticut at Storrs, Effects of Auditory Cortex Lesions on Music Perception (invited)
2003, Neuroesthetics Symposium, University of California at Berkeley, Widely Distributed Neural Systems for Musical Aesthetics (invited)
2004, Linda and Jack Gill Center for Biomolecular 2004 Symposium and Award, Indiana University (invited)
2004, Jill S. Titus Lecture, Institute for Mind, Body & Spirituality, Lesley College (invited)
2004, Special Session of the 50th Annual Meeting of the Acoustic Society of America, Musical Acoustics: Neurophysiology of Musical Instrument Playing, New York (invited)
2004, Carnegie Hall Concert and Symposium, Beautiful Minds, Beautiful Music, New York (invited)
2005, Neurosciences & Music Symposium, Leipzig, Germay (invited)
2005, Leibniz Institute, Magdeburg Germany (invited)
2005, Harvard Club of Fort Lee, FL (invited)
2005, Roland M. Pinkham Annual Memorial Lecture, Swedish Medical Center, Seattle, WA (invited)
2006, Harvard Medical Exchange Club, Harvard Club of Boston (invited)
2006, Neurosciences Institute, LaJolla, CA (invited)
2006, Arts in Medicine Series, Memorial Sloan-Kettering Cancer Center (invited)
2007, National Center for Human Performance, Houston, TX (invited)
2007, Center for Performing Arts Medicine, Methodist-Cornell Medical Center, Houston, TX (invited)
2007, Cold Spring Harbor Interdisciplinary Symposium on Memory in Neuroscience & the Humanities (invited)
2008, National Academy of Sciences Annual Meeting, Koshland Science Museum, Music and the Brain: Performance and Discussion, Washington, DC (invited)
2009, Keynote Lecture, Cleveland Clinic, Music and the Brain Symposium, Cleveland, OH (invited)
2008, Duke University, Opening Lecture, Music and the Brain Sympsosium, Durham, NC (invited)
2009, Shepherd School of Music, Rice University, Exploring the Mind Through Music Symposium, Houston, TX (invited)
2009, Moderator, Press Conference on Music and the Brain, Society for Neuroscience 39th Annual Meeting, Chicago, IL (invited)
2009, Barrow Neurological Institute, Neurology/Neurosurgery Grand Rounds, Phoenix, AZ (invited)
2009, International Mind Brain & Education Society Meeting, Panel: Advances in the cognitive neuroscience of music: Implications for education, Philadelphia, PN (invited)
2009, National Academy of Recording Arts & Sciences, Board Meeting, LA, CA (invited)
2009, International Mind Brain & Education Society Meeting, Panel: Emotion, learning, & the brain: Insights from experimental neuroscience & educational approaches to children with neurological disease, Philadelphia. PN (invited)
2009, Michael Ty Memorial Lecture, Brigham & Women's Hospital and Massachusetts General Hospital, Boston, Massachusetts (invited)
2009, Richard J. Lederman Keynote Lecture, Performing Arts Medicine Association, Snowmass, CO (invited)
2009, Music & the Brain Symposium, Lincoln Center, New York, NY (invited)
2010, Music & the Brain Forum, Stanford University Institute for Creativity & the Arts, Palo Alto, CA (invited)
2011, New York Academy of Sciences, Music Science & Medicine Symposium, New York, NY (invited)
2011, Keynote Speaker, International Society for Quantitative Research in Music & Medicine Symposium, Ogden, UT (invited)
2011, Aspen Ideas Festival. Opening Ceremony: The Big Idea; and Music On the Edge Symposium. Aspen CO (invited)
2012, Integrative Music & Medicine Pain Conference, Louis Armstrong Center for Music & Medicine, Beth Israel Medical Center, New York, NY (invited)
2012, Neuroscience of Music Symposium. Lectures: Neural Coding of Tonal Harmony; Cerebral Organization of Music-Related Functions. Workshop: Tonal Harmony. Monte Verita, Ascona, Switzerland (invited)
2012, PainWEEK 2012, Music Therapy Symposium, Effect of Music on Neuromodulation of Pain Responses, Las Vegas, NV (invited)
2013, Mental Notes: Music, Cognition & the Brain Symposium, UCLA (invited)

2013, Music & Brain Health: A Forum on Neurology, Song, and the Oral Tradition, Port Townsend, WA (invited)
2014, Convergence: A Multidisciplinary Dialogue on Music, Temporal Dynamics Learning Center & Dept of Music, UCSD (invited)
2015, University of California Multi-Campus Symposium on Music in Relation to Neuroscience, Medicine, & Education, Los Angeles, CA (Director, Lecturer)
2016, Music & the Brain, One Day University, Sacramento, CA (invited)
2016, University of California Multi-Campus Symposium & Research Workshop on Music Experience & Communication (Co-Director)
2016, Mozart & the Mind: An Exploration of Prodigy, SD, CA (invited)

Public Education (partial list)

1995, *NBC Nightly News with Tom Brokaw*, The New York Times *Science Times*, Boston Magazine
1996, BBC 4 Television, Los Angeles Times, Atlanta Journal-Constitution, Young Students Learning Library Science Yearbook, American Psychological Association Monitor
1997, The Washington Post, The Boston Globe *Quotes of Note*, Fox News Channel
1998, *NBC Today Show*, *PBS Healthweek,* CBS National Radio, Public Radio International, New England Cable News, KCBS Radio San Francisco, WAV-FM Radio Tokyo, ZIP-FM Radio Nagoya, LA Times. USA Today
1999, Lifetime Channel, Discovery Science Channel, NPR *Living On Earth*
2001, National Geographic TV, WBZ-TV Boston, WCVB-TV Boston, Discovery Channel, NPR *The Connection*, US News & World Report, Discover Magazine, The New York Times *Science Times*, The Boston Globe *Health/Science*
2002, WCVB-TV Boston, Canadian Broadcasting Corporation Radio *Ideas,* People Magazine, ABCnews.com, NPR *Infinite Mind*
2003, The New York Times, Harvard Medical School Alumni Bulletin, Neurology Today, Edmonton Journal
2004, Journal of the American Medical Association, PBS-TV *Closer To Truth*, WiredNews.com, Discover
2005, CBS-TV Sunday Morning, National Public Radio, Chicago Tribune, Seattle Times
2005, Swedish Medical Center Roland D. Pinkham, MD Lectureship, Human Brain Organization in Relation to Music Cognition
http://videomedia2.swedish.org/mediasite/Viewer/?peid=06d3fdb3628c436a905d933568e43a0c
2005, Swedish Medical Center Roland D. Pinkham, MD Lectureship, Neurology and Neurophysiology of Harmony Perception
http://videomedia2.swedish.org/mediasite/Viewer/?peid=b9153bbe053145a8994b1601daabea1a
2006, The Wall Street Journal, US News & World Report, NPR, St Louis Post-Dispatch
2007, Washington Post
2007, *Radiolab*
2008, *Nightline*, WABC-TV
2009, *All Things Considered*, NPR
2009, Duke University Music and the Brain Symposium Lecture,
http://www.youtube.com/watch?v=gviCJw3BqfQ
2010, Stanford University Music and the Brain Forum Lecture,
http://www.youtube.com/watch?v=5zLGrbVLvhg
2011, Keynote Lecture, ISQRMM, http://www.youtube.com/watch?v=edUh2w4jCtc
2011, The Science Network, Functional Brain Organization in Relation to Music Cognition & Emotion,

PART III.

A. Bibliography

1. Tramo MJ, Hainline B, Petito F, Lee B, Caronna J Vertebral artery injury and cerebellar stroke while swimming. Stroke 1985; 16:1039-1042
2. Tramo MJ, Schneck MJ, Lee BCP, Rapoport S Evoked potentials and magnetic resonance imaging in
3, Tramo MJ, Hainline B Stroke in sports. In: Jordan B, Tsairis P, Warren R, eds. *Sports Neurology*. Rockville, Maryland: Aspen Publishing Co, 1989:98-115
the diagnosis of multiple sclerosis. Neurology 1985; 35(Suppl 1):105
4. Levy DE, Sidtis J, Rottenberg DA, Jarden JO, Strothers S, Dhawan V, Ginos JZ, Tramo MJ, Evans AC, Plum F The vegetative state and locked-in states affect cerebral blood flow and glucose utilization differently. Annals of Neurology 1987; 22:673-682
5. Tramo MJ, Sidtis JJ, Dhawan V, Strothers S, Moeller J, Ginos J, Sergi M, and Rottenberg DA Variability of regional glucose extraction fraction in the normal resting state. Annals of Neurology 1987; 22(Suppl):161A
6. Tramo MJ, Gazzaniga MS Discrimination and recognition of complex tonal spectra by the cerebral hemispheres: Differential lateralization of acoustic-discriminative and semantic-associative functions in auditory pattern perception. Society for Neuroscience Abstracts 1987; 15:1060
7. Tramo MJ, Baynes K, Volpe B Impaired syntactic comprehension and production in Broca's aphasia: CT lesion localization and recovery patterns. Neurology 1988; 38:95-98
8. Eidelberg D, Tramo M, Strother SC, Moeller JR, Sidtis JJ, Dhawan V, Rottenberg DA Variability in regional cerebral metabolic rate for glucose (rCMRGlu) and the consequences for the study of neurologic disease with FDG/PET. Neurology 1988; 38(Suppl 1):367
9. Tramo MJ, Gazzaniga MS Recovery patterns in neurobehavioral syndromes. W.H.O. Collaborating Centre for Research and Training in Neurosciences, Neuroplasticity of the Nervous System, Beijing,
10. Jouandet ML, Tramo MJ, Herron DM, Hermann A, Loftus WC, Bazell J, Gazzaniga MS Brainprints: Computer-generated two-dimensional maps of the human cerebral cortex *in vivo*. Journal of Cognitive Neuroscience 1989; 1: 88-117
11. Oppenheim JS, Skerry JE, Tramo MJ, Gazzaniga MS Magnetic resonance imaging morphology of the corpus callosum in monozygotic twins. Annals of Neurology 1989; 26:100-104
12. Levy DE, Tramo MJ, Plum F Do positron emission tomographic scans measure quality of life? Reply. Annals of Neurology 1989; 2:288
13. Tramo MJ, Reuter-Lorenz P, Gazzaniga MS Pure alexia: Cognitive and anatomical correlates. Annals of Neurology 1989; 26:126
14. Tramo MJ, Bharucha JJ, Musiek FE Music perception and cognition following bilateral lesions of auditory cortex. Journal of Cognitive Neuroscience 1990; 2:195-212
(Abstracted by permission In: Hall III, J., ed. *1991 Year Book of Speech, Language, and Hearing*, Chicago: Mosby 1991; Chapter 15: Auditory Findings in Pathologies)
15. Jouandet ML, Tramo MJ, Thomas CE, Newton CH, Loftus WC, Weaver JB, Gazzaniga MS Brainprints: Inter- and intra-observer reliability. Society for Neuroscience Abstracts 1990; 16:1151
16. Tramo MJ, Guglielmo MA, Reuter-Lorenz P, Gazzaniga MS Functional dissociations in hemispatial neglect: Brainprints and quantitative lesion localization. Annals of Neurology 1990; 28:255
17. Tramo MJ Current Problems in Neurology: 5, Impact of Functional Imaging in Neurology and Psychiatry: Book Review. Neurosurgery 1990; 26:354-355
18. Tramo MJ Lesion Analysis in Neuropsychology: Book Review. Journal of Cognitive Neuroscience 1990; 2:156-157
19. Tramo MJ, Bharucha JJ Musical priming by the right hemisphere post-callosotomy. Neuropsychologia 1991; 29:313-325
20. Tramo MJ, Bharucha JJ Cortical networks in associative auditory processing. International Brain Research Organization Abstracts 1991; 252
21. Tramo MJ, Musiek FE, Gazzaniga MS Disruption of interhemispheric integration of complex auditory information following focal hemorrhage into the posterior body of the corpus callosum. Society for Neuroscience Abstracts 1991; 17:1484
22. Zatorre RJ, Heffner H, Liegeois-Chavel C, Tramo M, Samson S Functional aspects of auditory cortex. International Brain Research Organization Abstracts 1991; 8
23. Green RL, Tramo MJ, Loftus WC, Thomas CE, Brown PB, Weaver JB, Gazzaniga MS

Regional cortical surface area measurements in monozygotic twins discordant for schizophrenia suggest a left hemisphere basis for the disease. Society for Neuroscience Abstracts 1991; 17:455

24. Baynes K, Tramo MJ, Gazzaniga MS Reading with a limited lexicon in the right hemisphere of a callosotomy patient. Neuropsychologia 1992; 30:187-200
25. Kussmaul CL, Tramo MJ, Mangun GR Investigation of harmonic relationships on auditory event-related potentials to successive pure tones. Psychophysiology 1992; 29:S47
26. Baynes K, Tramo, MJ, Fendrich R, Reeves AG, Gazzaniga MS Specificity of interhemispheric transfer following a partial lesion of the corpus callosum. Society for Neuroscience Abstracts 1992; 18:1207
27. Tramo MJ, Cariani PA, Delgutte B Representation of tonal consonance and dissonance in the temporal firing patterns of auditory nerve fibers: Responses to musical intervals composed of pure tones vs. harmonic complex tones. Society for Neuroscience Abstracts 1992; 18:382
28. Tramo MJ Split-brain studies of music perception and cognition. Contemporary Music Review 1993; 9:113-121
29. Loftus WC, Tramo MJ, Thomas CE, Green RL, Nordgren RA, Gazzaniga MS Three dimensional quantitative analysis of hemispheric asymmetry in the human superior temporal region. Cerebral Cortex 1993; 3:349-355
30. Delgutte B, Cariani PA, Tramo MJ Neurophysiological correlates of the pitch of complex tones. Journal of the Acoustical Society of America, Suppl. 1993; 1, 93:2293-2294
31. Bharucha JJ, Tramo MJ, Zatorre RJ Abstraction of the missing fundamental following bilateral lesions of auditory cortex. Society for Neuroscience Abstracts 1993; 19:1687
32. Peretz I, Kolinsky R, Tramo M, Labrecque R, Hublet C, Demeurisse G, Belleville S Functional dissociations following bilateral lesions of auditory cortex. Brain 1994; 117:1283-1301
33. Tramo MJ, Grant A, Braida LD Psychophysical measurements of frequency difference limens for relative pitch discrimination reveal a deficit following bilateral lesions of auditory cortex. Society for Neuroscience Abstracts 1994; 20: 325
34. Kussmaul CL, Tramo MJ, Mangun GR ERP measures of musical expectancy: Role of the N100 and other early components. Proceedings of the Herbert von Karajan Symposium, Wien, 1994
35. Tramo MJ, Loftus WC, Thomas CE, Green RL, Mott LA, Gazzaniga MS Surface area of human cerebral cortex and its gross morphological subdivisions. In vivo measurements of monozygotic twins suggest differential hemisphere effects of genetic factors. Journal of Cognitive Neuroscience 1995; 7:292-302
36. Loftus WC, Tramo MJ, Gazzaniga MS Cortical surface modeling reveals gross morphometric correlates of individual differences. Human Brain Mapping 1995; 3:257-270
37. Tramo MJ, Baynes K, Fendrich R, Mangun GR, Phelps EA, Reuter-Lorenz PA, Gazzaniga MS Hemispheric specialization and interhemispheric integration: Insights from experiments with commissurotomy patients. In: Reeves AG, Roberts DW, eds., *Epilepsy and the Corpus Callosum II*, pp 263-295, NY: Plenum Press, 1995
38. Tramo MJ, Bellew BF, Hauser MD Discharge patterns of auditory cortical neurons evoked by species-specific vocalizations and complex synthetic signals in *Macaca mulatta*. Society for Neuroscience Abstracts 1996; 22:1623
39. Tramo MJ Neural representations of tonal harmony. International Journal of Psychology 1996; 31:187
40. Baynes K, Tramo MJ, Reeves AG, Gazzaniga MS Isolation of a right hemisphere cognitive system in a patient with anarchic (alien) hand syndrome. Neuropsychologia 1997; 35:1159-1173
41. Cariani P, Tramo M, Delgutte B Neural representations of pitch through temporal autocorrelation. Proceedings of the Audio Engineering Society, AES Preprint #4583 (L-3), 1997
42. Tramo MJ, Loftus WC, Stukel TA, Green RL, Weaver JB, Gazzaniga MS Brain size, head size, and intelligence in monozygotic twins. Neurology 1998; 50:1246-1252
43. Patel AD, Peretz I, Tramo M, Labreque R Processing prosodic and musical patterns: A neuropsychological investigation. Brain and Language 1998; 61:123-144
44. Tramo MJ, Moraru D, Hauser MD Representation of species-specific vocalizations in the temporal discharge patterns of auditory cortical neurons in alert *Macaca mulatta*. Society for Neuroscience Abstracts 1998; 24:401
45. Tramo MJ Physiological acoustics. In: Beyer RT, Parker SP, eds., *McGraw-Hill 1998 Yearbook of Science and Technology, Encyclopedia of Science and Technology*, NY:McGraw-Hill , pp 305-307

46. Green RL, Hutsler JJ, Loftus WC, Tramo MJ, Thomas CE, Silberfarb AW, Nordgren RA, Gazzaniga MS. The caudal infrasylvian surface in dyslexia. Neurology 1999; 53:974-981
47. Tramo MJ, Cariani PA Receptive field organization in the core area of alert macaque auditory cortex. Society for Neuroscience Abstracts 1999; 25:395
48. Tramo MJ, Cariani PA, Moraru D Spectrotemporal response properties of auditory cortex neurons in the alert macaque. Association for Research in Otolaryngology Abstracts 1999; 22:116-117
49. Kaas JH, Hackett TA, Tramo MJ Auditory processing in primate cerebral cortex. Current Opinion in Neurobiology 1999; 9:164-170
