Dear Taxpayer:

The Florida Department of Revenue routinely inspects information from U. S. Customs regarding commodities imported into the state. Our review indicates you imported the merchandise listed above and may owe tax.

Section 212.05(8), Florida Statutes, imposes a use tax on goods imported into Florida. Use tax is due on all tangible personal property brought into Florida for personal or business use, consumption, distribution, or storage to be used or consumed at a later date in this state.

Please review your records for the past 36 months for any purchases of taxable property (i.e. machinery, works of art, jewelry, vehicles, boats, aircraft or aircraft parts, etc.) where no tax was paid. Please complete the attached *Use Tax Self-Analysis* for all untaxed purchases made for the preceding 36 months. Return the completed self-analysis worksheet to my attention. I will compute the amounts due and send you a bill.

Participation in this self-analysis allows you the opportunity to pay applicable tax and interest due, with the possibility of a compromise of penalty. Please include a written request if you would like us to consider a penalty compromise.

If you need assistance or have questions, please contact me at the number shown below.

Please note: If you fail to respond to this inquiry within thirty (30) days, an estimated bill for the nonpayment of use tax, plus interest and penalty, will be assessed. This is not an audit, therefore your participation does not prevent the Department of Revenue from assessing any further deficiency in the manner provided by law, if it is later determined that an additional amount is due; nor does it extend the statutory period of limitation for refund, assessment or collection of tax.

Thank you for your cooperation in this matter.

Sincerely,

*Brian Taylor*
