RE: Proposed Book Regarding Jeffery Epstein

Dear Sir or Madam:

I have been informed by John Connolly, as well as several others who Mr. Connolly has contacted, that a book is being authored by Mr. Connolly about my client, Jeffrey Epstein. In the past, Mr. Epstein has been the subject of widespread and often seriously inaccurate and untruthful media coverage. It would be in reckless disregard for the truth if the book relied on past media reports or interviews with biased sources of information without verifying the truth of these reports and/or interviews. Under such circumstances, we would reserve any and all legal rights to contest the basis for any inaccurate or untruthful information contained in any future publication.

Yours truly,

Martin G. Weinberg
