Dear Mr. Epstein:

I am Miss. Diana Love Dill. My birth was registered in Bermuda on January 22, 1966. I am a British Subject of African descent. I was born in England on January 22, 1966; and my name was recorded as Heather Gail Duke, there. I also live in Trinidad and Tobago under the identities of 'Ms. Heather Gail Duke' and 'Miss. Elizabeth Robinson' and carry a registration of September 24, 1957, here. I am now physically in Trinidad and Tobago. I am the child of Medora Taylor, a British Subject and Newton Duke.

My memory may not be very acute but I place reliance upon it.

I request that you inform me whether your company manages an account for 'Ms. Heather Gail Duke' or 'Ms. Diana Love Dill'; and if so, whether I have access of rights to it. I shall also like to be advised whether your company bears any record of an ownership interest held by me, therein.

I humbly crave your co-operation. I look forward to your response. Please dispatch your reply to my mailing address.

Yours Sincerely,

Ms. Heather G. Duke
