 **Pretax payment represents a distribution from the Asollo Operating Group. This amount is not distributed to class A unit holders as the amount is used for corporate tax related payments. Taxable income with respect to the pretax payment is included in your 990 Holdings K-1 for 2013.
 ***In the course of the review of the 2013 exchanges, the original allocation of TRA benefits resulting from the 2007 step up was revised and updated to reflect the proper methodology (in 2007, the tax step up resulting from the exchange included assumption of liabilities that were allocated and taxed to the Founders. In calculating the allocation of TRA payments in the past years, the effect of the step up resulting from the assumption of liabilities was not included in the allocations of TRA payments.) The TRA payment amount relating to the 2007 exchange reflects a one-time adjustment for overpayments in prior years resulting from the above. The following reflects proceeds received in past years and the adjustment reflected in the amount above:

2007-2012 Payments- Recalculated	30,703,135
2007-2012 Payments- Actual	30,260,166
Adjustment to Prior Year Payments	442,970
2013 TRA Payment Due	7,864,120
Adjusted 2013 Payment	<u>8,307,089</u>
