An order for this system, as configured, is expected to ship by (or before) February 17, 2011.

Standard Modbook Purchase information
At any time prior to your Modbook shipping, you may cancel without any fee/penalty.

A 15% restocking fee applies to any Modbook returned for refund/exchange for different model/credit. Such returns allowed within 21 days.

Items ordered with the Modbook will ship with/when your Modbook(s) is(are) shipped. Orders are not automatically split, etc.

If there are items you would like to order and receive in advance of your Modbook, please place a separate order for these items.

For more information feel free to use our online Live Chat, e-mail customer support, or call us toll free at 800-275-4576.

Thank You!

Customers in Canada: Due to a territory restriction, OWC is not able to ship to any address in Canada. For order and delivery to Canada, please visit ▮▮▮▮▮▮ for more information.

AXIOTRON modbook

The Axiotron™ Modbook™
The Modbook is the first and only tablet Mac® computer solution! Ideal for: Mobile Users, Business Professionals, Artists, Students, and Technology Leaders.

- Write and draw directly on screen!
- True pen & handwriting recognition
- The ONLY Mac solution with WAAS enabled GPS Built-In
- Aircraft grade magnesium alloy for all terrain use

Designed in California, the Modbook's condensed form factor and integrated pen-based user experience makes it the ultimate solution for applications and situations where a keyboard only gets in the way. Click here for current specs and more information from Axiotron

The Modbook standard includes a 90 Day Axiotron Hardware Limited Warranty with option to extend to 1 Year or 3 Years with OWC Fulfillment. Click here for more info.
