*Walk Behind
Beach Cleaner*

BARRACUDA WALK BEHIND

The Barracuda walk-behind beach cleaner has been studied and developed for operations in need of a beach cleaner small in size and weight. Ideal for cleaning areas which require a very thorough cleaning but are not accessible to larger equipment (Beach Areas, Golf Course Sand Traps/Bunkers, Playgrounds, Volleyball Courts, etc.).

CLEANING EFFICIENCY:
13,000-30,000 SF/hr. (wet, humid, dry sand)

CLEANING DEPTH: adjustable from 0-4" inches by the operator at rear while machine is in use

VIBRATING SCREEN SYSTEM

Separates sand from debris and waste materials such as shells, cigarette filters, caps, cans, small bottles, animal droppings, hardened tar balls, broken glass, weeds, dry branches, and stones.

EASY INTERCHANGEABLE SCREENS: with different size meshing

COMPLETELY HOT-DIP GALVANIZED

WEIGHT: 680 lbs.

DIMENSIONS:

67"L x 36"W x 36"H

ADDITIONAL INFORMATION

Waste Box .04 yd. Easy to see and remove, at rear of machine

HONDA ENGINE: reliable, noise restricted, 6.5 HP

TRANSMISSION: 3 Forward & Reverse Gears

LOW COMPACTION 8" RUBBER TRACKS: which provide excellent traction in sand but will not harm grass or paved surfaces. 1.7 PSI

TURNING LEVERS: for operator's ease.

LOW VIBRATIONS: for operator's comfort.
