More than just mowing.

We took the hardest working machine in the business and made it the most flexible as well, thanks to this wide assortment of accessories and attachments. To pick up some extra trash or bag the clippings on a wet day check out the following additions to this fine machine:

### Attachments

Available attachments for the ZTrak PRO models include:

- Material Collection Systems
- Hitch
- Trash Receptacle kit
- Lights
- Striping kit
- Mulching kit
- Suspension Seat kit
- Anti-skid mat
- Canopy

### Dump-from-seat MCS

This 14-bushel, large-capacity hopper allows for longer mowing between dumpings. The blower is constructed of 7-gauge steel and the fan is made out of high-density polyethylene material. Best of all, putting it on or off requires no tools.
