We Submit Specific and Estimations for the Listed Below:

Equipment: Chiller	Model #:
Manufacturer: Carrier	Serial #:

Description of Work Required:

The following is a quote for the chiller in the library. We are proposing to return to site and remove the old chiller system. We will install the new airhandler, chiller, reheat system, controls and dampers. The Controls installed will what was provide by EMS. The chiller will have a E-Coating on the condenser coil to resist corrosion. We will also provide a spare chiller to keep on site in case a replacement is needed. The new system will control the humidity of the library and control temperature properly. Shipping is included to St thomas. Barge must be provided for equipment to get out to LSJ. The use of the on site lull must be provided also for unloading container and getting equipment into place and removing the old equipment. Thank you for choosing ARS Export Supply!
