

The Zerocoin Electric Coin Company

Tax Returns Update

2017-03-01

Due to the technical nature of the tax issues faced by the company we are working with our tax advisors to ensure we adopt the best possible overall tax situation. This will require that the partnership file an extension of time to file its tax return and as a result we do not expect final Schedule K-1's to be available until sometime later this summer. We will be working with our CPA to get everyone estimated numbers so that the partner's can properly estimate their tax liability for their taxes and file an extension.
