i started the writing..

we changed both blue too. in this pictures looks lighter but its darker..its matching the blue in the photoshop picture i've sent you yesterday

what do you think?

i did in photoshop..., first picture- the colors are not right but i did it just to see the design with "four tiles" the second picture is the arabic writing but can be done with Js and Es like in the third picture(the sketch).

what do you think would be better? "the four tiles" or the arabic writing with Js and Es?

the colors would be gray writing and the background that dark blue..
