attached is bid for 115" Grey Motorized Firehawk Projection Screen in the amount of 12,196 (equipment 6832 labor 4370 and sales tax 994)

it was difficult to price check online however i found 1 link below (HT Market) - i also have asked if 115" is custom size (currently our screen is 113")

i questioned labor which was 38 hours (they said 2-3 men for 2 days at 115 per hour) - labor would be adjusted down if they do not spend all the time

i have not yet negotiated bid and believe i can reduce to at least 11,000

estimated time to receive from CA is 2-3 weeks

note this is same company that is currently installing lutron (which should be 90% done by 9/25)

please advise

thank you

Richard/Merwin,

Attached is the proposal to replace the projection screen on the 6th floor. Please don't hesitate to contact either Al or myself if you have any questions at all. Thank you.
