---

Jeffrey i m very grateful and appreciate you that you ve spent time and power to discuss and advice me about all dangerous things. I tried to follow them ańd always remember. But it was my inexcusable mistake not to tell you intime about toyboy, that I've chosen I was very careful in it. but I totally understand my guilty before You. I repent to You.

I respect that you give me freedom and trust me. But I can't trust the boys. I made a decision to stop any relationship. I didn't know anything about bacteria that I can also get. I aware all the risks. It ll be only one right decision to do in this case. I don't want to disturb you, make you sad and disappointed. I m sorry and repent to you
