Noam wants to know what exactly he should ask Max and Deborah, spelling out everything you would need. Could you please send a list of the technical nomenclature you need to be able to analyze the trusts. I think this would be helpful since they seem to be playing a game with Noam. How can lawyers (one who was Noam's lawyer until last year and still is the Trustee for Noam, and the other who is Noam's current lawyer) feel so confident in doing so? Who is supporting them in their misleading behavior? All this seems to GRAVE to me.

If it is not too much trouble, please always send the message to me and Noam, as it facilitates the communication.

Thank you so much, Jeffrey. You are unravelling something very serious that has been going on for four years.
