I'm dying to find a job but with no connections it's very hard and competitive. You are always behind people who have personal connections to the place. I speak to Paul sometimes but I not about meds at all and I won't. I struggle on 60 cymbalta , I fall asleep all the time. So for the most part I am on 30.

I think it important that you find a job. I only want what is good for you. I think structure and schedule imposed upon you would be beneficial. dont know if you continue with paul or not?
