How long will you stay in NY?

We had a cooling fan for IRU,. Intermittent on today's flight,. I spoke to Gulfstream and Pete,.

They recommend flying the trip tomorrow to see if it happens again, the cooling fan arrives tomorrow into Teterboro I could have a change to Sunday morning, takes 3 hours only,.

Just wondering when we will depart New York? And if Sunday's OK to change it, for precautionary measure

Thx

Larry
