Ci2017 Deep Conversation: Human Intelligence 2.0 - Thriving in the Age of Acceleration

**Monday 14th November (12:00pm – 2:00pm)
Grand Ballroom, Sofitel Melbourne On Collins**

Deep Conversation ticket: \$170

The rate of change continues to astonish us, and the awesome power of human ingenuity enables us to make what was once consigned to the pages of science fiction novels reality.

But, the increased progress is creating a parallel sense of existential dread. Are we the masters of our future? Will we set the direction for the economy and the environment? Will we set out the nature of the ethical society we want to live in? Or will events and mistakes overtake us?

The Deep Conversation at Ci2017 will be an opportunity to share in-depth viewpoints with world class thought leaders about key issues, challenges and opportunities. Featuring **Brian Forde (USA), Patrycja Slawuta (USA), Raymond McCauley (USA), Zenia Tata (India), Neil Harbisson (USA)** and the audience.
