Sneaky I just saw a payment of \$1,206 on October 6th from my payroll!

Sorry I didn't see it because last time I received money was on September 6th (\$1,206) so I gave up checking if there any money will come because of the situation on the island with the electricity and internet but it would not be enough for my SF trip so THANK YOU SO MUCH again for the money! 🙏

What I can do is I can subtract (\$1,206) from what you've given me and bring it back to you?
