It's not true. I started working with a photographer and he told me that I should do a photography school on the side. That's why I'm telling you. I want to pursue this path but don't know how. When you started helping me 3 years ago I had absolutely no idea of what I wanted to do. My family can't give me charity, my mother has no money and my father is dead. I'm currently living in [REDACTED] apartment because I don't have a house anymore

That is right . You refuse to start . Therefore you will never do anything well and say why ? I didn't enjoy it . You need to find a paying job . 200k wasted on giving you what you said would provide a base . You only abused it , didn't work hard and continued to lie . Scream - what does your family suggest . Ask them for charity

Everything takes time in order to do it well and if I do something I want to do it a the best. If not I don't do it. You say it takes 5 years, to become a doctor it takes 7 years or more.

You know I'm not a business person and cannot do something if it's not somehow artistic but I need skills if I want to do things professionally. I'm also organizing a meeting with this photographer in London called [REDACTED]. I have the possibility to know great photographers so I don't understand why I cannot work with them and in parallel go to a photography school to improve my skills.

So basically what you are saying is that I will never be able to follow my passions in my whole life. I am working for a photographer ( [REDACTED] )

Why can't I be a photographer? If I go to school and do it in a professional way than I can get paid for it so that I can work and at the same time do what I like

, people need to work. thats life. . need to not want to. . the email i sent from jan of last year is the same as others. you need to do your part. you are not a charity . the fact that you dont like the idea of working. is silly. . no one likes it. . but they have to do it . so do you .. you use school as an excuse not to work, . acting school brings no money. just fun. thats what you want. . read the email . " you will have to work hard to regain trust " you didnt. you just want to be given things. over and over.

Resourceful in what ? I've worked this whole year long. I worked hard doing things I didn't like and even by doing it can't pay all my expenses alone and you are still not talking to me. If I get zero satisfaction out of it ( financially and emotionally ) why should I do it ?? Which gratification do I get ?

My dream would have been to go to a photography school like Parson's, icp or St.Martin and learn it in a professional way since it's my passion and it's what makes me happy. I also would have loved to try acting school during the summer or in my free time. I don't know why I've always been denied to it.

you had the chance , . three times. . you were asked to help yourself and be a part of the solution instead of merely asking for money and going to school in order not to have a job. you told me i should not have helped you with money. !! i should have known better and forced you to work. I shouldnt have listened to your complaining you said. you are capable . pretty and resourceful , giving you charity is not in your long term interest. . find a job.
