I was planning to send you an update this weekend :)

As planned, my [REDACTED] starts on June 29th.

[REDACTED]

The thoughts that at some point I will be able to work on my own projects, have my own company, be financially independent, work on some fascinating innovations, makes me happy. Good or bad but it is the only thoughts that make me want to wake up in the morning.

Hopefully, I will be good enough to develop something that brings some money and I would not need to find a full time job, while I'm working on my startup.

[REDACTED] is amazing opportunity for me. Maybe there is something I can do to reciprocate your generosity?

Updates on my immigration:

Otherwise, everything is great. I'm nervous and excited about [REDACTED]
