News regarding our new crew boat.

Hi Carlos,
I tried to ring you on your cell, but the call won't go through.

Norbert (whom you met at the yard - he runs our boats etc) is going to the Shipping Registry tomorrow to gather the appropriate documentation including the "Blue Book" and other relevant docs in order to transfer the boat. I've asked him to expedite the process as much as possible – things tend to move at a different pace in the BVI – but in any event, we will do our best to get things moving and shoot for Friday, though that may be optimistic. In any event, as soon as Norbert returns from his trip to Road Town tomorrow (mid-day I imagine), he will update me and I'll touch base with you. Give me a call if you have questions: [REDACTED].

Thanks
Lauren

Hi Carlos,
They are ZF 305s...you can call Norbert (our marine ops dir.) for more info. He's also the guy who is going to procure the bill of sale from the BVI Shipping Registry for the transaction.

Great Carlos. Let me find out whether payment should be made to our US or BVI accounts. Also, I'll get someone to get ahold of a bill of sale from the BVI Shipping Registry which should make bringing the vessel back to the USVI a more seamless process.

Yes, outstanding yard bill is our responsibility. Let me find out from our marine ops guy whether he wants to sell the transmission.

Tks
Lauren

Greetings Lauren, yes we can do 62\$. Please send me your wire transfer info and I will pass it to our accountant so he can make it happen. The boatyard bill for boat storage I imagine its yours and we will start paying once transfer is done. I might be interested in the transmissions you guys have please let me know a price.

Thank you
