Yes, there is one thing... Lately, I realized that nowadays it's quite essential to know how to operate with MAC computers. And I never had this skill, as I've forever been with HP (which has break down lately)

There are lot of other things, however I know they don't fall directly from the sky :)

P.S. Are you interested to meet Carolina ?

I have another candidate for you. Should I pitch her up with [REDACTED] or do you want to meet her by yourself?
