Jeffrey

Both runways at Laguardia are only 7000ft long,,plus slot reservations and delays are big, not a good airport for tankering fuel.

Newark is best since no reservations are required,. 10,000 and 11,000 ft runways,

JFK is good as well.,but departure slots during certain busy hours ., I have to check what time departure slots are necessary

Thx
Larry

if we intend to tanker fuel does it make sense to land at laguardia?
