Jeffrey

See attached quote from Gulfstream SAV/ STL

Gulfstream SAV and STL St Louis are quoting \$269,462 for full paint

Price for Fuselage, Engines and Tail of aircraft \$218,167 no wings.,

Gulfstream has taken over St. Louis facility including Price quotes,. Earlier STL quoted a lower price, Base of \$189k plus options.,

Rusty was unaware that STL would follow SAV pricing.

Eric knows the paint shop manager in STL, and is contacting him regards to paint pricing and whether he will honor our original quote, if you elect to choose STL.

We are also inquiring a paint price from FALCON Jet paint facility in Wilmington Delaware as well.,
