i wonder if i can ask your Enhanced Education Foundation to send along the promised 206as you can see from the attached, i am eager to "buy" a set of data it would be either impossible or very expensive to get but that we think are important reaction times, speed to 20m, and brute strength

i am going to Jamaica for about two weeks mid to end May but then will be back here to finish my book

it is in July/August that i want to arrange a "donation" to the MVP Trace and Field Club that will disgorge the data above at once so we can have it analyzed this fall, well before we do our next round of field work in the spring (see attached)

ó

i am leaving Rutgers as i told you and will live Jan to May 2016 in Lauderdale Lakes, to help get my 16 year old into a decent college ó perhaps i can see you then in Palm beach

all best

bob
