"Hey [REDACTED]
thank you for having dinner with me, I really enjoyed meeting you, you are very sweet, graceful, beautiful and Hot. Prepare for your slaving tomorrow and good night babe.

[REDACTED]."

*by slaving he meant - rowing.

Not sure we like this kind of language "babe, hot" etc. was more polite during the dinner

He is having a big party at his house today - promoters invite most of the crowd...

He knows Modi; told a funny story about another Indian high rank official here in NY, trying to bribe policeman, arrested for DUI...

He had parrots on his phone screensaver:))

All the best, [REDACTED]
