Jeffrey

I just arrived islip, I came up early to confirm all work was done with Jay,, since Eric is left for the weekend.

All improvements look good,.

-Latches are tight,,on drawers,.

-fax machine is removed

-no Rattles on pilots arm rest

-tray table are secure no rattles when Stowed

-tray table is more Secure when extended Jay installed metal piece that rests on wood support

-tray table lift is easier now

-removed 2 magnets on tray table

-divan close out piece installed to hide the open seatbelt area photo below

-GIV Type for cushion foam for Bed installed

I'm planning to fly the G550 to Teterboro at 5:30pm and will continue to stock the plane, service all fluids, and Pre-flight aircraft with Pete.

I'd like to test fly G550 today and make sure no surprises for our departure on Monday or whenever you what to depart,,

Do you approve of re-position to Teterboro today?

Thx

Larry
